*Sometimes our best laid plans take an unexpected turn. Expect to spin in these new circles as we enter August and the sun opposes Neptune and Uranus. If you are intent on following your dreams, don't be surprised to find yourself wafted on clouds. Happy landings!*

good to be true it probably is. And that goes double for any international venture.

## LEO (JULY 24 - AUG. 23)

Proud Lions will have to find the happy balance between their personal goals and the needs of partners now. You will find that mid-month, sexual sparks fly and you can either rejuvenate current relationships or ignite new scratchy ones. 'Bout time!

## VIRGO (AUG. 24 - SEPT. 23)

August could be a great time to unwind and bake on the beach. It is not the best time to change work processes or introduce any "creative" solutions around the office. When in doubt, stick to the tried and true, boring as it is, queer Virgin.

## LIBRA (SEPT. 24 - OCT. 23)

Excitement brews and the good times roll. Your social calendar revs into overdrive where too much can soon become too, too much. And this is bad?? By mid-month, you need to get back down to work. Now that will be difficult!

## SCORPIO (OCT. 24 - NOV. 22)

Your career takes off and offers wonderful rewards. This can come at the expense of other areas of your life. There is only so much attention that you can focus at one time. Make your money now and then spend it generously later.

## SAGITTARIUS (NOV. 23 - DEC. 22)

People view you as a sage. You have good ideas and express them in a

profound manner. All bets are off as the month progresses. If you insist on pushing your point at the top brass you might find yourself talking to yourself... from the sub-basement.

## CAPRICORN (DEC. 23 - JAN. 20)

Your wallet becomes an aphrodisiac as lovers ask and receive. But expect a morning after headache when the bills come due. Well, maybe by then you will find someone who can support you instead of vice versa. I suppose we can only dream... .

## AQUARIUS (JAN. 21 - FEB. 19)

Aqueerians capture the attention of anyone they want. Not only are you especially generous and considerate, you are also sexy and attractive. Hurry before the magic dissipates and you revert back into a frog... or at least your usual aloof self.

## PISCES (FEB. 20 - MARCH 20)

A relaxing vacation is in order. If time and money are tight, consider various forms of meditation, yoga or even massage. The benefits will be felt by mid-month when you can more easily focus on personal projects without feeling like roadkill.

## ARIES (MARCH 21 - APRIL 20)

Proud Rams seem to rely too much on friends to do the heavy social lifting; you think they have all the right answers. But as the month progresses you discover that often you are your own best advisor. So consider all their opinions and then wait.

## TAURUS (APRIL 21 - MAY 21)

Queer Bulls think they can slide off the corporate grid, work from home and still get the job done. But deep down you know that this will only serve to reinforce bad habits and lead you into wasteful diversions. Or is that the plan... ?

## GEMINI (MAY 22 - JUNE 21)

Great thoughts have great impact if you can sugarcoat the message. Notorious actions impact your professional reputation. If you hanker to join the nude Olympics, expect to see your photo on the front page of the company newsletter.

## CANCER (JUNE 22 - JULY 23)

Gay Crabs are in the unusual position of being hit up for money by folks who weave tall tales of riches. (Usually you are passed over for this honor.) If something is too

**FROM TOP:** DJ Derrick Carter and DJ Mike More at Avenue M; Steven Rosengard and friends at Roscoe's; Me typing away in the all together at Nightspots HQ.

My reign of nudity continues as I put the finishing touches on this, the second issue sprung forth from the fertile loins that is my new home office... and I'm naked. But enough about my loins...

What's not to like about an underwear fashion show? Nothing that I've found. Steamworks steamed it up at Hydrate, with ample help from the good pornographers at Cupid's Treasures for a basket full of fun at the underwear runway show last Friday. Enjoy your cover, Martin. And he didn't even know he was going to be in the show!

Speaking of runways...

It's true that people, for some unexplained reason, appear taller on TV. This old chestnut was proven true this week as I finally met one Mr. Steven Rosengard of Project Runway fame chilling outside of Roscoe's. I always pictured him to be this towering Paul Bunyan type (minus the blue ox). Too my surprise we're right around the same height. I was not surprised, however, that he is just the sweetest, funniest guy imaginable.

He related that he has been an avid reader of Nightspots ever since we printed a picture of his ex doing what he described as "an underwear dance" in 2005. I'll have to dive into my archives to see exactly what Mr. Fashion Designer calls an underwear dance. Look for the answer in a future issue.

Please welcome our brand new photographer Alexandra

Klimczak! See has started with some amazing shots from Star Gaze, Berlin and Spin this week. Be on the lookout for the scene through her eyes.

It's always difficult for me to feign interest in house music, or really any music outside the collection of Prince and Pixies that I own. But even I know how big Derrick Carter is. So it was with a modicum of excitement that I ran into him at Avenue M's Thurst Thursday. He was there to cheer on his good friend, transsexual DJ extraordinaire Honey Dijon. Between that and Johnathinn's filthy Stoli Martini with three blue cheese olives (which I did not even have to order, mind you) it was a pretty good night.

Happy birthday to young, young Fabion at Cocktail. When I came in and saw a cake with the 22 candle sticking out of it, I fully expected it to be one of those I'm-gay-and-I-can't-accept-my-age-so-I-lie-thinly-disguising-my-own-deep-rooted-insecurities joke-type cakes. No. He's an actual youngin'. Ah, 22. To think I'm a full 50% older than him. Not that there's anything wrong with that...

Happy 21st anniversary to my fav south side waterin' hole InnExile. Congrats to Kelly, Ruben and all the guys down by Midway for providing quality service and top-notch entertainment for so long. And the parking lot can be quite a scene as well.

But enough about my loins...

## Something's Gotta Give: The Column on the edge

Take a healthy amount of time to digest **Nas'** new album. Nas still has a lot to say and does an excellent job saying it, if you listen closely. The title hype

drew enough attention to help move 113,000 copies of his Untitled album in week one. However, the important thing is what he did with the scrutiny of his creation. He delivered an album that was climatic.

He raps over the topics of racism, ignorance, presidential candidate Barack Obama and more. Even on the self-promoting yet anthemic lead single "Hero," the force of Nas' rhymes is massive. My favorite tracks have to be "America" and "The Slave And The Master." "America" shows Nas' ability to speak eloquently in his flow. How many rappers do you know use the word dichotomy? Nas' album is as far from Lil' Wayne's party-fest as possible while remaining in the same genre. I am thankful, since I had been steadily losing faith in the genre's ability to offer social commentary.

Bob Marley is the embodiment of everything that is reggae. He was a good man with wild hair, a healthy tan and a hearty smile. His songs have a simple elegance and lyrical richness that made them iconic. It's because of this that I am tempted to take **Richard Grey** out back and beat his face in. While his work on "Tainted Love" and "Thriller" were fantastic, his new track "No Deputy" is deplorable. His original mix handled the classic in an uncharacteristically rough fashion, dumbing it down to simple sound bytes.

Hey, there is a Mariah Carey remix contest going on. Google it for details. I just wanted to mention it was going on.

Summer is on the waning end. I know, you don't want to think about it but it's true. So do yourself a favor and enjoy some wonderful outdoor activities that don't necessarily involve sex in the bushes.

Wednesdays after work, gather up a gaggle of gays for the **Chicago Symphony series at the Pritzker Pavilion** ([www.millenniumpark.org](http://www.millenniumpark.org)). It's free, fun and you can show off how well you can make a snack out of crap you bought on the way there.

The **Movies in the Park** series continues through August, so check out [www.chicagoparkdistrict.com](http://www.chicagoparkdistrict.com) for a listing for the park nearest you. The screen is large and you can bring your own popcorn.

Don't forget the farmer's markets scattered about the city. **Venetian Nights** is a lot of fun and a great way to try and meet someone with a boat. If you like Bill Murray, you can watch him jump out of a plane at the **Air and Water Show**. **Taste Of Lincoln** is the thing to do this weekend for music buffs and people-watching enthusiasts. Find info on all these fantastic events at [www.cityofchicago.org](http://www.cityofchicago.org)

Ride your bike, walk your dog, dine al fresco, do something before it's too late and you are pining for a bright sunny day where you can see a bulge in a tight pair of shorts.

One of the reasons I haven't written as many columns as I used to is that for a while now I have been engaged in a major rehab of my house. Well, as I'm sure you can guess, such a big project is sure to be good for at least two installments of a Pretzel Logic look at home improvement.

### If You've Ever Started A Simple, Little, Uncomplicated Home Improvement Project This Might Sound Familiar

OK, so I get tired of the ugly old sofa and black vinyl recliner that came with my house (the house has been in my family since the late 1940's), so I buy a nice new chair to replace it. While at the store buying that chair I get the idea to buy a leather love seat to replace my hideous teal brocade '60s-era sofa. Well, I can't put those two nice pieces of furniture in the same old, ugly room, so I have to paint. If I'm going to paint I have to remove all the wallpaper from the walls. Now that that's done, if I don't strip the uneven, ugly dark brown shellac off the woodwork now, I'll never do it. OK, the living room is finally done, but then there's the front entryway and the dining room that both open up to the living room, that are both covered in 1950s wallpaper and the same dark varnish on the woodwork, and I can't leave that. Oh, and the floors are looking like crap and need refinishing, and...

### Calendar Boi

I think Menards should sell a

beefcake calendar of hot, buff and sweaty guys who work for the home improvement store. They can call it "The Men of Menards."

### Brought To You By The Makers Of Spic-N-Span?

There's a household lubricant (no, not the naughty kind, but the type used for screws and nuts... well, you know hardware... wait... the type you use when you gotta get something in an opening that might be just a bit tight... no, forget that... anyway... you know, NOT the naughty kind of lubricant) called Jig-A-Loo.

### Homo Depot

You can always tell the gay employees at a home improvement store. Instead of wearing an orange nylon safety vest, jeans and work boots as they stiffly hold out a small plastic orange safety flag as they walk in front of a moving forklift, they instead wear a skin-tight Speedo, body glitter, stiletto pumps, tiara, and a feather boa (fake angel's wings optional) as they strut their stuff while doing an intricate routine with a pair of multi-colored four-foot silk flags left over from the last white party they attended.

### I Was Warned About Contractors Who Do Shitty Work

While I've been doing a lot of the work around my house by myself, there were several projects way too big and complicated for me to do. I ended up hiring a contractor. I was rushing to get ready because I had some appointment to

get to when I stepped on the foot pedal which opens the lid to my brand new bathroom garbage can. The can was half-filled with excrement-stained toilet paper left by one of the construction workers.

### Pissed About The Shit

I got into my car to get to where I was going and I called the general contractor to tell him what I found. He apologized repeatedly and said it would never happen again. He said the problem was that one of the workers just arrived a few weeks ago from Mexico where the plumbing systems can't handle toilet paper being flushed. I pointed out that "my house ain't in Mexico, and that this guy's been in the US long enough to be toilet trained."

### Never Say Never Again

Later that same day I was working in my bathroom changing the doorknob when I needed to throw out some wood shavings. I stepped on the garbage can's foot pedal which opened the lid to reveal that the can was now filled to the very top with another load of crap encrusted toilet paper.

*If you've had your own run-in with shitty contractors (whether figuratively or literally), feel free to e-mail me at [PretzelLogicDave@aol.com](mailto:PretzelLogicDave@aol.com) and tell me all about it. If you throw your used toilet paper into garbage cans, sorry, my e-mail is down.*

Welcome to the ninth lesson of *Lesbian 101*. This lesson, and each subsequent one, will be posted at <http://www.jenniferparello.com/les101.html>.

I have received hundreds of letters asking me the same question. "How do you do it, J.Lo?," the letters ask. "How do you spend several minutes every week slaving over this column and still find time to chase emotionally unavailable women?" The answer, my friends, is that I make the time.

Any fool can stumble into a relationship with a nice, nurturing person. It's what I call the tyranny of the uninspired. Who wants to live in comfort and security with someone who merrily does your laundry and slips little love notes into your lunch bag? Yawn. Where's the name-calling? Where's the cool indifference? Where are the unreturned phone calls? Where's the infidelity?

Consistently choosing the wrong person doesn't just happen. It takes discipline, hard work, and a stubborn refusal to stay on your medication. Want to know how it's done? Here is an example of a typical day in my life:

\*Wake up. Take Maximus to the dog park. While Max flirts with high-strung, yippy poodle, I flirt with the poodle's

high-strung, yippy owner. (Note to self and Max: Don't try to sniff their butts again. Remember what happened the last time. Ouch!)

\*Take bus to work. Pretend that the crazy guy sitting next to me singing a patter song about the stuff he has found in dumpsters is Catherine Zeta Jones. She is sulking because I have refused to stay home from work to make beautiful love to her. Smile at my reflection in the grimy window and feel good about my commitment to my job.

\*Bring cup of coffee to straight, married coworker I've been secretly in love with for five years. When she makes vague complaint against her husband, encourage her to divorce him. On my way out of her office, pretend to stumble and land squarely with my face in her cleavage.

\*Send an ambiguously worded email to a woman I have a crush on. Check email every three minutes for the next four hours to see if she's responded. When she doesn't respond, send her another email—just in case she didn't get the first one.

\*Lunchtime! Meet a friend who is going through a bad breakup. Listen as friend weeps out her tale of woe. Hand her a tissue and ask if

this is a bad time to get her ex-girlfriend's phone number. Act hurt when she storms out of the restaurant without paying her share of the bill.

\*Spend the afternoon with gay male co-worker. Speculate on how many drinks it would take to get various authority figures to sleep with us. Debate whether I should allow gay male coworker to transform me into a "woman of mystery" by dressing me in leopard-print fabrics and pillbox hats with veils.

\*Meet potential love interest for drinks. Fall in love briefly, but quickly lose my ardor when she takes a genuine interest in my life and laughs at my jokes. Tap my fingers impatiently and refuse to make eye contact with her while waiting for the bill.

\*Climb into bed and call my mother. Discuss the latest reasons why I've disappointed her. Reinforce roots of my attraction to women who are impossible to please. Go to sleep and dream about Grace Kelly and other icy blondes.

*Hey, I wrote a book! You can buy *Dateland at Women and Children First, Unabridged Books and at Amazon.com.**

## PUT'EM UP

[www.googlefight.com](http://www.googlefight.com)

So let's say you want to know who the intarwebz is buzzing about more, Heidi and Spencer or Lindsey and Samantha. You could go to Google... enter the first query... record the number of hits... enter the second query... compare the results. Lather, rinse, repeat. OR you could go to GoogleFight and let it do the work. Then you get treated to a nifty little stick figure fight animation and a bar chart of the results. Oh, and btw, lesbloblicious Linsdey and Sam totally kicked those *Hills* snots' asses.

## SOMETIMES AN ELECTRICAL TOWER IS JUST AN ELECTRICAL...

[www.gorge.org/pylons/photos001.shtml](http://www.gorge.org/pylons/photos001.shtml)

Oh, boy. At what point does an interest become an obsession? I ask this because Flash Bistrow's Web site, The Gorge, has a 36-page photo gallery. Every page has 15 pictures. Every picture is of an electrical tower. For those of you keeping score at home that's over 500 pictures of something that most of try to *not* see. (553 to be exact. The last page isn't full.) I'm sure it's some sort of artistic statement and that it's not just that the Bistrow is into giant electric phalluses. Not that there's anything wrong with that.

## GETTING TO THE POINT

[www.penciltalk.org](http://www.penciltalk.org)

I don't think I've written much more than my name without using a keyboard in the last 15 years, so a whole blog devoted to the discussion of pencils seems pretty fucked up to me. What's even odder is that it has a very active comments section. Who knew there were so many people that still used pencils? Or that they would be so passionate about them? Of course, truth be told, I do have a bit of a pen fetish, even if I don't use them much. Perhaps I should start the "Pen is Blog."

## NO. IT'S NOT CINDY MCCAIN'S HOME PAGE

[www.dogyears.co.uk](http://www.dogyears.co.uk)

"Can I just say, for the record, nothing in life prepares you for a finger in the rectum." That's how the second video installment of the musings on life of a dog named Ben opens. Of course, the ponderings aren't always 100% correct. Though Ben may seem to be wise, he is, after all, a dog. Take that opening line for instance. It should really have been "Can I just say, for the record, nothing in life prepares you for an *unexpected* finger in the rectum."

# NIGHTSPOTSMAFIA

WE'll tell ya what to think

Special Guest: 103.9 PROUD FM host Deb Pearce

Special Guest: Fitness trainer David Sloniegora

## PREFERENCE: NINTENDO WII, XBOX OR PLAYSTATION?

Atari isn't on there so I'll have to go with Nintendo Wii. - Deb  
Wii--especially Wii Fit (of course). It's sold out here in Montreal, so I haven't used it yet. - David

Right now, Wii. - Andrew  
Playstation 3--Blu ray baby! - Pubert

Unstated fourth option: A book. - Robb

Wii. - Kathleen

I'm mostly a Wii guy. - Kirk

You are asking a girl that has six different game systems at home (excluding Xbox). - Amy

Wii (by default). Don't have an Xbox (Microsoft-phobic). Don't have a PS3 (too expensive). Ignore my PS2 (quarter-inch of dust on it). - graysong

## A JOB YOU CONSIDER DANGEROUS

Feeding sharks naked...in open water... at night... on a full moon... with a steak wrapped around your neck. - Deb

Doctor. - David

Firefighter. - Andrew

Bartending--I almost cut my finger off one time! - Pubert

Drug mule. - Amy

Almost any job, really. - Robb

Crab fisherman (yes, I watch Deadliest Catch). - Kathleen

Dog groomer. I'm serious.

Have you ever had to clear a dog's anal gland? - graysong

## WOULD YOU RATHER BE ON THE COVER OF ROLLING STONE. SPORTS ILLUSTRATED OR FORTUNE?

Rolling Stone. - Deb  
Fortune--the others will come afterwards. - David

Sports Illustrated. - Andrew

Rolling Stone, even though they only put girls on the cover twice a year. - Amy  
Sports Illustrated FOR SURE! - Kathleen

Rolling Stone, holding up the Fortune that I'm on the cover of, where I'm giving Sports Illustrated the middle finger... sitting on a pile of money. - Robb

Rolling Stone (The article is "Move Over William Hung"). - graysong

Are you special enough? If you want to be included as a special guest in Nightspots MAFIA, send an email to [andrew@windycitymediagroup.com](mailto:andrew@windycitymediagroup.com) and plead your case.

## Mirage

from Raging Stallion Studios

Starring Jake Deckard, Huessein and Rambo

*Set in Egypt, the video begins with explorers searching a crypt for treasure.*

### JUDGING A PORN BY ITS COVER

**Pubert:** With the summer heat, I thought this would be a good movie to check out.

**Groeper:** It has lots of hot stars in it.

**P:** One of them was calling my house over the weekend so I interviewed him for next week's issue.

**P:** This is like Indiana Jones.

**G:** More like The Mummy, although the hieroglyphics have penises.

**P:** And so do the explorers. They are all over Hussein's cock.

**G:** Looks like an old-fashioned orgy.

**P:** At least there's no crypt keeper.

**G:** They seem to have forgotten about the loot.

**P:** Yeah, but they're going to bury something else.

**G:** Could they put any more good-looking guys in one room together?

**P:** It's pretty impressive.

**G:** The music makes it mysterious.

**P:** He's choking on that Arab's sword.

**G:** They sure took off those towels that they were wearing fast.

**P:** Easy access, baby.

**G:** Talk about summer movies! That's a twist on the Spiderman kiss.

**P:** Yup, the upside down suck. They could call this movie "The Dark Dick" and play it at the IMAX!

**G:** The sitar is really jamming now. Where can I purchase the soundtrack?

**P:** I used to date an Egyptian, maybe he could find it for you.

**G:** You dated an Egyptian?

**P:** Yes, the problem was they're very strict about not being gay.

**G:** The new boys in the scene have pup tents in their pajama pants.

**P:** I see, and rubbing two sticks together is making a fire in the pyramid!

**G:** He's busy playing the skin flute.

**P:** A snake is coming out of the basket.

**G:** He's a snake charmer, alright.

**P:** That's a cool angle.

**G:** A worm's eye view, so to speak.

**P:** Now we are getting some fucking... on a Persian rug, no less.

*More scenes follow as various men pair off with each other in different parts of the tomb.*

**P:** Tommy Blade is in the middle of a three-way now. Some guys have all the luck.

**G:** He's lucky to have those slip-off pants. I want a pair of those!

**P:** Do you think some kind of magic has taken everyone over? They are only exploring each other and not the ruins.

**G:** Something has possessed them, you are right.

**P:** We get a lot of action for the money--one scene after another.

**G:** They all get to meet up again for another group number.

**P:** It's nice to see that many of the stars are versatile and we get to see both sides in this flick.

**G:** I love how they show a close-up of the treasure and how they forgot all about it.

**P:** The one guy kept his sandals on.

**G:** Well, those floors can get sandy.

**P:** This last scene is amazing--great stars doing what they do best.

**G:** Not heavy on plot with this one but who needs it this time?

**P:** We look at so many bad sets, it's nice to see one that is different.

**G:** This movie has a theme and sticks to it.

**P:** Rambo's cumming all over that expensive rug.

**G:** He'd better "Shout it out!"

**P:** Just like a summer movie, this one clocks in at over 2 1/2 hours.

**G:** I can't take it anymore. There's even a cliffhanger at the end.

**P:** Wait, there's a second disc. Am I seeing things or is it just a "Mirage?"

**G:** Ohh, bad joke... we still have an hour and half more to watch.

**P:** Good thing I have air conditioning.

**Pubert:** Thumbs up the butt.

**Groeper:** Thumbs up the butt.

*Tommy Blade from this video will be interviewed by Pubes in the special Market Days issue next week.*

*In the meantime, brush up on past reviews at [www.windycitymediagroup.com](http://www.windycitymediagroup.com).*
