# out in the stars

by Charlene Lichtenstein

*Lovely Venus enters Sagittarius and brings fun, foolishness and general jolliness. Our hearts do a back flip and love is large, delicious and a bit squooshie. We do everything in a big and glorious way. Prepare for the avalanche, kids!*

**LEO (JULY 24 - AUG. 23)**  
This week will be a long, jolly partyfest for all those proud Lions who really know how to have a good gay time. (And that's about all of them...) Tap into your more creative side. Take an art class, write poetry or take to the stage. Avoid limericks...

anything now, so think first and act second. I am counting on you.

**CAPRICORN (DEC. 23 - JAN. 20)** Behind-the-scene forces handle all your backroom bubbemeisers. You triumph as hidden enemies are vanquished. Nothing is hidden from you. Good thing too, comrade - we can't stand deception and neither should you.

**ARIES (MARCH 21 - APRIL 20)** Don't plan on hanging around familiar surroundings. The emphasis is on new horizons, fascinating places, interesting people and exotic cuisines that you cannot get from your local take-out. Plant your flag in virgin territory. No names please!

**VIRGO (AUG. 24 - SEPT. 23)**  
Queer Virgins are content to feather their nest with assorted fun activities. The definition of fun is, well, open to definition. How does building on an addition sound? Or maybe buying a completely new bedroom set? I'll settle for the gala basheroo.

**AQUARIUS (JAN. 21 - FEB. 19)** Venus in Sadge tosses you smack into the center of the social pool, Aqueerius. The folks that you meet now may just wind up to be lifelong compadres. Seek out the movers and shakers to move and shake you. Pack the breath mints...

**TAURUS (APRIL 21 - MAY 21)**  
Who is this love deity? Queer Bulls exude an enticing, musky allure. Make use of this hot time; before you know it your steamy sexuality cools. Stir up the winds and fill your sails before you are drydocked.

**LIBRA (SEPT. 24 - OCT. 23)**  
Amplify any proud discourse this week and don't just fan the hot air. Whatever bon mots you are planning to plant, expect them to take on a zesty life of their own. So let's try to sound brilliant, urbane and knowledgeable, okay? Oh fuggetaboutit!

**PISCES (FEB. 20 - MARCH 20)** Your corporate star shoots into the next pinstriped galaxy. But when can too much be too much? When you lose sight of what is truly important to you. Go for the gold, Guppie, but remember where the wealth is really buried. Yes, it's in the stock options!

**GEMINI (MAY 22 - JUNE 21)**  
This week will test your ability to pair off with the proper stranger. If you are currently in a relationship, use this time to strengthen the bonds. If the bonds bind, it is also a good time to seek new entanglements. Just how much into bondage are you??

**SCORPIO (OCT. 24 - NOV. 22)** If you spend on investments, you find that the week can be rather profitable. But those gay Scorps who lack fiscal restraint find that their debits quickly outweigh their assets. Better get off your assets and learn a thing or five about the bottom line.

**CANCER (JUNE 22 - JULY 23)** Gay Crabs make the most of this workable energy by either applying themselves on the job or pursuing a healthier, stress reducing course of action. Venus enables you to leap before you look but take my advice: always check the net for holes.

**SAGITTARIUS (NOV. 23 - DEC. 22)** Launch new projects and meet as many new people as possible. You are charisma incarnate with a gravitational pull to rival the Earth. You can be tempted to do just about

## Ladies' Night: *The all-girl column*

Lead singles are a tricky business. They set up the expectations for the rest of the album. If the single is nothing like what you are getting (an example being Lindsay Lohan's "Rumors"), you can leave people feeling cheated and more than a little pissed off. If it is just not one of the better cuts on the album (Backstreet Boys "Shape Of My Heart"), it can create apprehension and hesitation by the public to approach a project.

That being said, the lead single to Jennifer Hudson's debut album is amazing, and I am having trouble finding songs that live up to the greatness that is "Spotlight." While "Spotlight" is both elegant and simplistic, the "keep it simple, stupid" method

of production was not applied as readily to the rest of the album. Songs like "What's Wrong" and "Pocketbook" just fail, and there are not enough of "If This Isn't Love" and "My Heart" to compensate. Scan through and buy a few tracks and you will be happier than if you had bought the whole thing.

Chicago's other girl fairs better on her new solo outing. **Michelle Williams'** *Unexpected* is just that, unexpectedly good. "We Break the Dawn" foretells of sexy deep electronic rhythms and digital vocal play and Michelle's whimsical vocal styling binding it all together. Songs like "Hello Heartbreak" and "Private Party" show off the album's promise.

**Ciara** has recently released the lead single from her upcoming project. "Go Girl" isn't grabbing me as quickly as most of Ciara's other tracks have. It lacks the sex appeal of "Promise," or the magic of "Goodies." We will see soon enough what her album holds.

Last word is that Bimbo Jones HAS remixed "So What." Huzzah!

Check out the Res-5 page on Facebook; I am working on some developments for it. E-mail me at [djres5@windycitymediagroup.com](mailto:djres5@windycitymediagroup.com) in the meantime.

Nightspots'  
Free Dating Advice  
(you're welcome)

by Michael Hampton

My mother is in town visiting. I couldn't really tell her to get lost while I went on a date, so I took her out for her birthday to **Morton's Steakhouse** at 1050 N. State St.

I know it's in the "Viagra Triangle" and it's hideously expensive, but my mom and dad used to go there before Alzheimer's took him from us, so it made me feel good to do it.

Also, if you really want to impress a date, spend big bucks on a big piece of meat that doesn't ask you to leave the money on the dresser.

The wedge salad was out of this world with big hunks of bleu cheese and bacon, and my mom's Caesar was pretty good too. We had ribeye steaks that were cooked to perfection and full of flavor. Grilled asparagus made for a nice side but the star of the meal was macaroni and cheese that was crispy, creamy and a hint spicy. We didn't save room for dessert but they looked incredible and are baked to order.

The room is old school Chicago and the waiters were attentive without being overbearing. Overall, it was extravagant, elegant, and it made my mom feel very special.

**street - Forest Park - 708-366-8782**

My trip this past July to celebrate my birthday in Denver, Colorado with my two best friends continues with a day in the Rocky Mountains.

### **A Birthday That's A Cut Above The Others – Part One**

When we returned to the hotel on the evening of our first full day in Denver the hotel gift shop was still open, so I went to buy a disposable razor, while my friends Mike and Joe went to the lobby so each could check his e-mail. When I returned to where they were one of them asked me what it felt like to now be officially fifty, as it was just past midnight. The disposable razor I purchased had a clear plastic cover over it for safety, but Mike and Joe couldn't see it. You should have seen their faces when I said something like, "Kinda like this" as I took the [covered] razor and scraped it really hard against my wrist about three or four times.

### **Not That I'm Uptight About It**

OK, in my prior three columns I didn't mention my age. So now you know, I turned fifty. Fucking fifty years old. Goddamned fifty. DO I HAVE TO SPELL IT OUT???? FINE, FUCKING FINE! F—|—F— T—Y. The big 5-Oh, as in "Oh shit!" Are you satisfied that you dragged it out of me? WELL! So I'm half a freaking century old. Yeah, I know, that's about 98 billion in gay years, give or take a freaking millennium or two. Great, I'm so stinkin' happy! No, really!! Goddamned fifty fucking years fucking old. What could be MORE FUCK-

ING PERFECT THAN THAT?! ARGGGGGGGHHHHH!

### **Vote Magdziarz/Palin – Part One**

As I was typing the above item I had something of an epiphany (or maybe it was just the hyperventilating): the tone of my little fifty fit pretty well sums up what it must like to be John McCain.

### **Flag Day**

On the Saturday of our trip we went to Rocky Mountain National Park. The first thing I noticed on the trip was that at first glance the state of Colorado looks sorta like a variant of the Leather Pride flag.

### **A Birthday That's A Cut Above The Others – Part Two**

Earlier that morning I had the TV on and there was a report about some local chef who cut his hand while moving some stuff at his house (I think). The next day he was dead as a result of an infection by some flesh-eating bacteria. So naturally, on our first stop at a scenic area at the park I ended up scraping my hand on a boulder.

### **Queering Mountaineering**

At one point we stopped to watch a group of people waaaaay above us, climbing the side of a mountain. I commented that I wouldn't want to do that, and Mike responded, "Maybe they're roped to each other." I then replied, "Oh, well then in that case I might want to try after all."

### **Call Me David John Denver**

The Rockies are truly breath-

taking, and I commented to my friends, "Now I know what John Denver was singing about."

### **Glacial Gonad Graffiti**

As we were getting close to the park's restaurant/gift shop area, there were several examples of penises carved into the snow along the roadside.

### **Vote Magdziarz/Palin – Part Two**

Sarah Palin might eat mooseburgers, but I ate an elk sausage in the Rocky Mountains. No, it wasn't some weird, bestiality thing, but rather just lunch at the park's restaurant.

### **Proud To Be An American?**

The stand-out tourists of the day included the loud, obnoxious, screechy/whiny, late-middle aged (like I should talk) female school teacher, the kids picking up rocks as souvenirs when that was prohibited, and the straight couple who crushed delicate tundra plants because they wouldn't stay on the trail.

### **OK, I Said "Almost!"**

The best part of visiting the Rocky Mountains? Since they're 50 to 100 million years old, I almost felt young by comparison.

*If you've ever roped yourself to Sarah Palin while she was eating a tundra plant as John McCain screamed the lyrics to Rocky Mountain High at a moose pretending to slit its wrist, e-mail me at PretzelLogicDave@aol.com and tell me all about it.*

## MOMMY, MAKE DADDY STOP!

[manbabies.com](http://manbabies.com)

The idea is to take a photo of a father and his baby and to swap their heads. The end result is not dissimilar to that gawdawful *Wayans Bros.* movie of few years back. (*Little Man* or something like that. It followed right on the heels of the disturbing make-up comedy *White Chicks*.) It's supposed to be funny, but honestly I was a bit too creeped out by some of the pictures to get a chuckle out of them. I think these are amusing to the wives, because it confirms the world as they actually see it. The site's URL made me wonder what was at ManBoobies.com. Pity, common pr0n.

## THE MOST AVERAGE GIRL IN THE WORLD

[www.faceresearch.org/demos/average](http://www.faceresearch.org/demos/average)

This page allows you to take two or more faces and average them together. Sort of an if-this-one-knocks-that-one-up-what-would-the-baby-look-like-grown-up? kind of game, except you can cross-breed more than two people at a time if your demented little heart desires. On another part of the site, you can even supply your own pictures. So, if you want to see what the mutant butt-baby of yourself and John McCain would look like you can—even if your photoshop-fu is weak.

## I "HEARD" THIS SITE IS REALLY "GOOD"

[quotation-marks.blogspot.com](http://quotation-marks.blogspot.com)

We've covered "Web" sites on "affronts" to the English language here before. "Apostrophes" seem to be one of the more "abused" punctuation "marks." Close "behind" them is the quotation "mark"—and why not? It's "basically" just a "double" apostrophe. This site catalogs "unnecessary" quotation mark use. I'm pretty sure that the "people" who engage in this sort of "tomfoolery" are the same people that do that stupid "finger quote" thing when they "talk." Both habits are really "annoying."

## YEAH, YOU'VE SEEN THIS EVERYWHERE ELSE. SO WHAT?

[www.thegreatschlep.com/site/index.html](http://www.thegreatschlep.com/site/index.html)

Yeah, it's not "I'm Fucking Matt Damon," but few things are. Hell, it's not even "I'm Fucking Ben Affleck." However, Sarah Silverman's "The Great Schlep" is still pretty damn funny. And it might even help make things right in the White House. I wouldn't watch this at work. I mean, it's Sarah "Lick a Dog's Taint For a Laugh" Silverman, for crying out Pete's sake. I shouldn't even have to tell you your boss won't approve.

No; I just did it a second ago. - Pubert

Yes. And let's have a law against juggling chainsaws while driving as well. Otherwise, people won't be able to figure out, using only their common-fucking-sense, not to do it. - Kirk

is taking the week off. Deal.

In the meantime, enjoy this special communiqué from Ringmistress Miranda Towers, star of HAYWIRE!, playing through November 15 at the Bailiwick Theatre. See [handbagproductions.org](http://handbagproductions.org) for more details.

Dearest Nightspots Reader,

It's so good be back at the Towers Circus after my brief 18 year stay at the Piscataway Maximum Security Facility for the Criminally Insane. Now that I have my bearings back I intend to whip this circus back into shape and there's so much to fix. For starters there's that blackmailing ball-busting bulldyke bitch, velva, and her bimbo magician girlfriend Jackie, who really get on my nerves. Not to mention those new weirdo owners with the funny accents, Sylvania and Reynaldo. God only knows what kind of perverse love games go on in their caravan. They make me think things the doctors told me I shouldn't think anymore!

Thank goodness I still have Canteen Annie, and my beautiful, mod daughter Sheila to put things in perspective.

Oh--and did I mention our new high wire walker and Rod? He helps me 'relax' after a hard day of cracking that whip... and man, does he know how to fill out those tights!

I shouldn't complain but these pesky GRUESOME murders are really putting in me a bad light. Honestly, you commit one double axe-murder and people suspect you for every little thing!

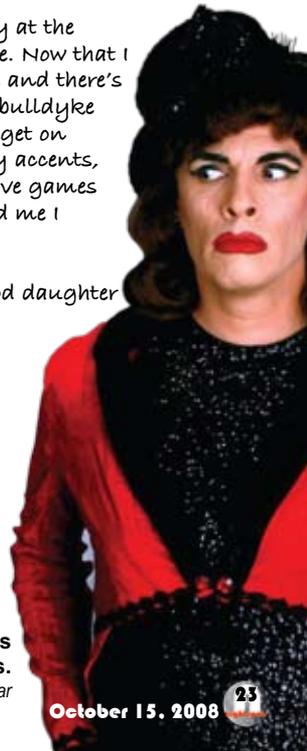

Anyway, I hope to see you soon, as I so love performing for you.

On With the Show!

### JUDGING A PORN BY ITS COVER

**Pubert:** I can't believe Part V is coming out from this mainstream franchise.

**Groeper:** After part IV, I can't either.

**P:** The villain looks a little like Doctor Doom from the Fantastic Four.

**G:** Jett Blakk directed this flick. I like the name.

*A woman comes home and is attacked. After more credits, a young man wakes up on a bathroom floor.*

**P:** Oh, this is good already. He has a strap tied to him that shocks him.

**G:** He's forced to watch two guys have sex and then a speaker with a spooky voice tells him that something bad will happen afterwards.

**P:** Twisted already.

**G:** The way he's tonguing him is scaring me!

**P:** He should be careful; he's gonna choke on that cock.

**G:** He seems to like sitting on that forklift.

**P:** The guys are really into the scene. For a parody this movie is not playing.

**G:** Look at that angle. I think I'm the one getting a boner now.

**P:** Wait a second, that guy has a leg band on also.

**G:** The plot thickens.

**P:** And so does he.

**G:** That's good use of mechanical equipment.

**P:** Yeah, talk about a pile driver.

**G:** He's licking his fingers full of cum.

*Our protégé solves a riddle and continues on his adventure.*

**P:** This story is really clever. They are taking the ideas and making them work.

**G:** He has to make him cum to get out of the trap.

**P:** With 15 minutes to do it, the pressure is on!

**G:** He's bringing out his weiner to help things move along.

**P:** You gots to do what you gots to do.

**G:** Now he's licking his new friend's ass--talk about a dirty job.

**P:** Maybe fucking him will make him cum in time.

**G:** That bad guy is just watching while the clock ticks down.

*The African-American cover man plays a policeman trying to track down the killer with a psychic's help. The policeman goes over his briefs with the psychic in his office.*

**P:** This video is played for real.

**G:** Just like the best horror movies.

**P:** How is fucking him going to catch the killer?

**G:** That would be the real mystery.

**P:** Maybe he will find a clue while he's bent over the desk on top of the files.

*Our lead discovers two buddies handcuffed together on a pole with the puzzlemeister behind them.*

**P:** He has 20 minutes to stay in the circle with these two guys and service them.

**G:** If anyone leaves the circle then he gets buzz-sawed by the psycho.

**P:** He acts like he knows our bad guy.

**G:** He's too busy getting a double sausage sandwich to figure it out.

**P:** His leg stepped out of the circle and was almost sawed off!

**G:** "You put your left foot in. You put your left foot out."

**P:** His hokey is getting pokied, alright.

*After more action this porno ends with a twist.*

**P:** Could there be more sequels to the adult versions also?

**G:** Only time will tell...

**P:** This video shows that you don't need a big budget to make a good movie.

**G:** The tricks in this movie were a treat!

**Pubert:** Thumbs up the butt.

**Groeper:** Thumbs up the butt.

*More Halloweenie reviews cumming in the next few weeks.*
